

HADDON RIG

Merino & Poll Merino Stud Warren NSW

Haddon Rig Merino Sire 150595:

Stud Master's Comment: "HR 150595 is the best value sire we have bred from HR 3-136 so far. 95 has a very soft clean pure muzzle with a near perfect horn setting. He has an extremely long body with a great underline and very good finish. Carrying a very productive skin that is producing very white soft free growing medium wool. Progeny from this sort of ram will be heavy-cutting, well-structured sheep with high-quality, bright and well-nourished wool and ability to put on and maintain weight." Semen available, minimum 50 doses, \$40+GST per dose. International pricing available upon request. **Sire:** Haddon Rig 30136 | **Dam:** HR Special Poll AI Ewe

- Champion medium wool March shorn ram (2017 Dubbo National Merino Show)
